Old Cars Back in Service

Photo taken with permission by Shannon Crabtree

Recently two passenger train cars left the North Anna Nuclear Generation Station, located near Mineral, VA, on a branch off the former C&O line operated by the Buckingham Branch Railroad, and headed to Staunton, VA. Read about them in this High Green!

This Month's Meeting: **February 3** at the Bauer Drive Community Center in Rockville, MD, featuring Randy Anderson on the original Western Maryland terminus at Williamsport, MD, and the interchange with the C&O Canal.

Following Meeting: **March 3** at the Bauer Drive Community Center.
